

NEW MEXICO TOWNS

GALLUP.

From the Republican.

Paul Mann came over from Albuquerque and spent a couple of days last week with his brother Otto in Gallup.

Word received here states that John H. Brown, Jr., son of Mr. and Mrs. John H. Brown, of this city, has been stabbed and killed in Idaho. No particulars were given. He leaves a wife and one child.

From the appearance of things there may be a reign of five cent beer in Gallup in the near future. At the Gibson mine beer is now being sold at five cents, and there is a disposition manifest among some of the Gallup brewers to put the price down to that figure. There promises to be an enforcement of the Sunday law in New Mexico in the near future, and if the men put down the price of the German beverage in addition to being compelled to close Sundays, the Republican can see the finish of some of the saloon keepers of Gallup.

SILVER CITY.

From the Independent.

Frank Farnsworth is steadily improving after his severe illness for the past two weeks.

The Fort Hayard dramatic club will appear next Tuesday evening, Jan. 17, at 8 o'clock in a vaudeville entertainment given by them on Dec. 28 in Fort Hayard.

Captain and Mrs. H. M. Powell and daughter and Miss Augusta Irwin left for San Francisco. Captain Powell will be greatly missed in Fort Hayard, where he has been for the length of two years.

The new altar secured by the Ladies Guild for the Church of the Good Shepherd has been put in place and adds greatly to the appearance of that house of worship. The altar came from New York, where it was made under the direction of Rev. H. W. Ruffner, and in consequence is entirely in harmony with the rest of the furnishings of the church.

The precinct election Monday was one of the most closely contested in years and excited much public interest. Notwithstanding the inclement weather, a large vote was polled. In the race for justice of the peace the vote stood: W. H. Newcomb, 217; Frank J. Wright, 162; Newcomb's majority, 55. For constable James L. Gill received 332 votes and Louis P. Dorsey 47, making Gill's majority 285.

SANTA FE.

From the New Mexican.

W. N. Townsend, proprietor of The Club, is quite ill at his home on Palace avenue.

In the case of N. B. Laughlin, plaintiff, versus C. B. Brunton, defendant, in the First Judicial district court for Santa Fe county, Judge John R. McPhie, has signed a decree, after due hearing, jury having been waived, in favor of the complainant for \$281.42 with costs and attorney's fees.

The roof over Slaughter's Plaza barber shop, was removed this morning, preparatory to the improvements to be made upon this property, the same having been allowed to some days ago. At the rear of this building a structure is to be built and A. C. Ireland will occupy the whole with his drug store.

Manager Frank Owen of the Santa Fe Water and Light company has placed four lights in the cupola at the capitol building and a door light at the north entrance. At night when these lights are in active use, they will add much to the comfort and convenience of visitors to the building as well as present a handsome appearance.

The Mutual Building and Loan association held its annual meeting Wednesday evening at the office of the Secretary R. J. Crichton. The following directors were chosen to serve the ensuing year: Grant Ribicoff, J. G. Schumann, Charles Haspelmath, C. F. Pascoy, F. P. Sturges, Fred Muller, R. R. Sloan, R. J. Crichton and J. A. Wood. At a subsequent meeting of directors the officers elected are as follows: Grant Ribicoff, president; J. A. Wood, vice president; R. J. Crichton, secretary; Charles Haspelmath, treasurer; C. F. Pascoy, collector. The regular monthly session of the directors will occur this evening at the secretary's office.

RATON.

From the Range.

J. R. Smith, who has been suffering the past two weeks with an injured foot, is much better, though still obliged to use crutches.

J. L. Brown, of Birmingham, Ala., is the guest of Dr. and Mrs. E. A. Jones. He is delighted with our climate and intends to remain all winter.

Mr. and Mrs. J. R. Morrison and children left for Cheyenne, where Mr. Morrison has the contract for building an opera house. They will stop en route for a little visit with friends in Denver.

Miss Mary Anderson, who taught in the city schools several years ago, has been elected to fill the vacancy left in the north side school by the resignation of Miss Howells. Miss Anderson is a sister of Mrs. E. R. Mendenhall and comes from her home in Chicago to take the position.

From the Reporter.

E. G. Twitty, cattleman of the Ponil, has accepted a position for the winter with the county clerk, J. P. Brackett.

Jim Smith, in charge of the Raton Electric Light & Power company's plant, who suffered a severe cold to one of his feet two weeks ago, is getting along nicely.

Charles Miller, for many years past foreman of the Santa Fe carpenter shop in this city, has resigned that position to accept one in the Raton Lumber company's planing mill.

M. Newman, a prosperous merchant

RAILROAD NOTES

ONLY A SECTION HAND.

William Watkins, poor but gritty, started as a section hand; now he lives high in the city.

And he is known throughout the land.

Long he had to work away, but his worth brought recognition; he's a millionaire today, filling well his proud position.

He has sons and he has daughters who have never had to toil, who have crossed the briny waters and have stood on British soil, yet they do not sigh to claim profitless ancestral glory, but, without a blush of shame, tell their self-made father's story.

(From Wednesday's Daily Citizen.)

G. H. Shone, the master mechanic of the Santa Fe Central, with headquarters at Espanola, is at Santa Fe on business connected with his department.

P. W. Zimmerman, claim agent of the Santa Fe for the New Mexico division, with headquarters in this city, is on a business trip to the northern towns.

Garnet M. Jones, a civil engineer, passed through the city Monday night for Kingman, Arizona, where his father, F. M. Jones, is doing some engineering for the Santa Fe.

Judge H. L. Waldo, chief counselor of the Santa Fe in New Mexico, is at Santa Fe and will arrange headquarters there during the legislature, which convenes Monday, January 10.

E. P. Chapman, the passenger brakeman who has been acting as train baggage man, has been assigned to Conductor Jerry Quinn's crew on the north end, succeeding M. K. Mock.

A. P. Gabel, the passenger conductor, who has been visiting his people in Ohio, resumed his run on No. 2 the other afternoon, relieving Conductor Selma who goes back to Raton.

J. A. Israel, the tax agent of the Colorado & Southern railroad, with headquarters at Denver, is at Santa Fe to represent his road in tax matters before the territorial board of equalization.

Brakeman L. E. Tripp of Las Vegas, of the passenger service has taken a lay-off and will undergo an operation for appendicitis. Brakeman R. F. Kunz has taken his place as a member of Conductor Charles Stevenson's crew.

W. E. Meyers, for the last fifteen years superintendent of dining cars and lunch rooms on the Chicago & Alton railroad, has resigned that position to go into private business as soon as his successor on the Alton is appointed.

W. E. Ball, F. C. Roberts, E. A. Wolfe, W. K. Marmon and R. J. Aray who form a corps of surveyors employed by the Santa Fe in Arizona and New Mexico, are stopping in the city. The heavy snows which have fallen recently have driven them into shelter.

Glenn V. Hutchison, whose appointment as chief of the passenger traffic department of the Frisco railroad became effective last week, is the youngest man occupying this position with a road of similar importance in the country. He is only 29 years of age.

A contract has been let to the Lantry Contracting company, Kansas City, Mo., for the work necessary to change the location of the Santa Fe line through Truxton Canyon, Arizona. The total contract for grading and masonry will amount to about \$100,000. The change is made to insure immunity from floods.

Col. A. P. Macginnis, the tax commissioner of the coast lines of the Santa Fe with headquarters at Los Angeles, passed up the road for Santa Fe yesterday morning. In the afternoon he made argument before the territorial board of equalization for a reduction in the assessed value on certain property of that road for the fiscal year.

Mr. H. Wood and Niley Morris are in the city from Golden, N. M. They report heavy snows and cold weather on the west side of the Santa mountains.

Miss Rose Wroth, of Springfield, Ill., is a guest of Miss Flora Van, on Granite avenue. Miss Wroth arrived this morning from San Marcial, where she visited her sister, Mrs. W. H. Irwin.

Jacob Korber & Co., have an order from the American Lumber company for 100 lumber trucks. This big order for trucks is made necessary by the additions being made to the lumber mills.

Rev. Charles Elliott, of Riverside, Cal. and Rev. W. E. Woodruff, of Chicago, who have been guests of Rev. McNeill, of the Baptist church, left overnight this morning on a drive, which will terminate at the Grand canyon in Arizona.

Tom Jenkins, the champion wrestler of the world, passed through the city last night, on his way from San Francisco to Chicago. Jenkins had been at San Francisco, where he met and wrestled several noted "mat" performers, and won his contests.

Dr. J. H. Wroth, writing from Kansas City to M. W. Flournoy, states that Mrs. Newhall is still quite ill and consequently weak, but he hoped to leave for this city with the lady Saturday. If not, a change for the worse happens, the doctor will wire facts to Mr. Flournoy.

Mr. Flournoy received a telegram stating that Mrs. Newhall was dangerously ill. Another false fire alarm caused the city department to make a dash up on the Highlands last night. Those false alarms are occurring quite frequently of late, and before some one knows it will be up in the police court on a charge not altogether pleasant to take. The police have increased vigilance in the hope that their early capture will be the result.

Major H. R. Whiting and George H. Pratt, two members of the commission to partition the Cebolleta land grant, returned from the west last night. They were prevented from accomplishing any work assigned them, by the heavy snow and cold weather.

Major Whiting says the snow lies at least a foot deep at Cebolleta, and considerable suffering is being experienced among the poor people.
